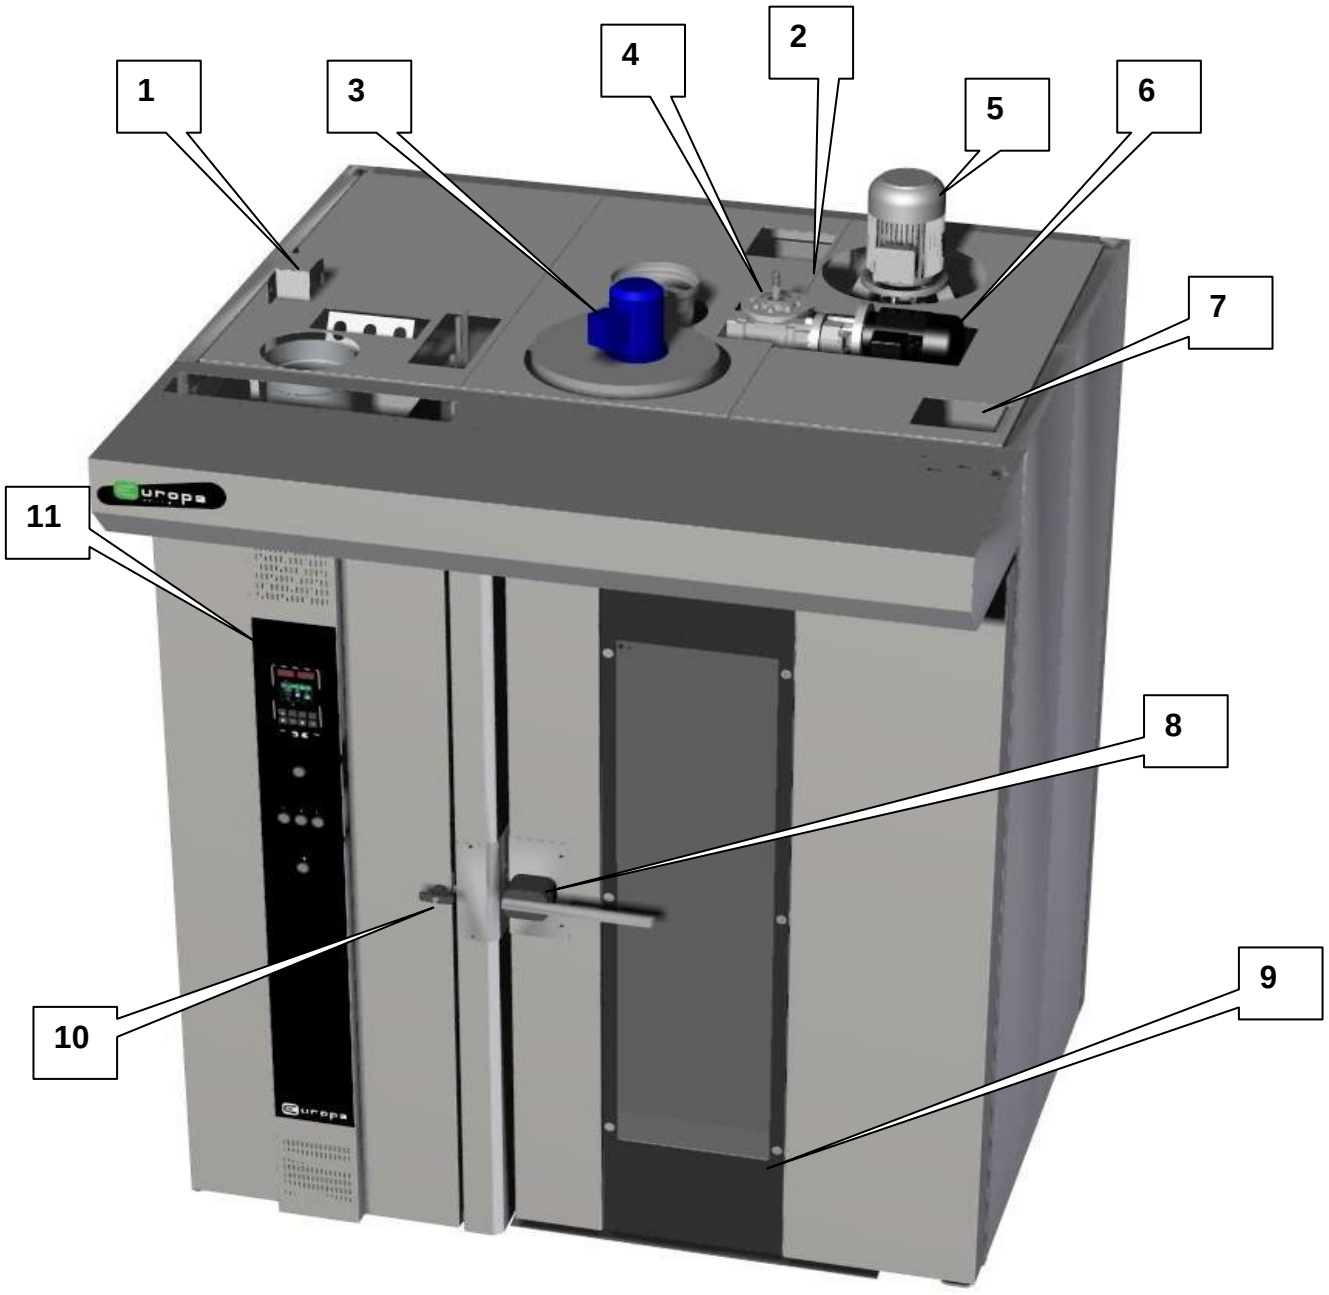
Descrizione Generale



IT	**Versione con scambiatore laterale a Combustione**
1.	Doppia Elettrovalvola acqua vaporiera e termostati di sicurezza
2.	Termocoppia di rilievo temperatura
3.	Aspiratore vapori
4.	Finecorsa di fermata in posizione del carrello
5.	Ventilatore di cottura
6.	Motoriduttore per la rotazione del carrello
7.	Finecorsa porta con comando a camma
8.	Maniglia della porta
9.	Vetro esterno porta apribile
10.	Maniglia della porta comandi (solo per versioni Laterali)
11.	Pannello di comando e controllo

ENG	Version with combustion side heat exchanger
1.	Steam generator's double water electrovalve and safety thermostats
2.	Thermocouple for temperature detection
3.	Steam exhauster
4.	Stop limit switch in rack's position
5.	Baking fan
6.	Gear motor for rack's rotation
7.	Door's limit switch with cam control
8.	Door's handle
9.	Openable door's exterior glass
10.	Command panel's handle (only for lateral versions)
11.	Control and command panel

FR	Version avec échangeur lateral à combustion
1.	Double électrovalve eau de générateur vapeur et thermostats de sécurité
2.	Thermocouple pour détection température
3.	Aspirateur vapeurs
4.	Interrupteur fin de course en position chariot
5.	Ventilateur de cuisson
6.	Moto réducteur pour rotation chariot
7.	Fin de course porte avec commande à came
8.	Poignée de porte
9.	Verre extérieur de porte ouvrable
10.	Poignée du panneau de commande (seulement pour versions lateraux)
11.	Panneau de commande et contrôle

ES	Version con intercambiador lateral de combustion
1.	Doble electroválvula agua del generador vapor y termostatos de seguridad
2.	Termopar por la detección de temperatura
3.	Aspirador de vapor
4.	Interruptor de posiciòn final del carro
5.	Ventilador de cocción
6.	Motor reductor por rotation del carro
7.	Interruptor fin de carrerade la puerta con control por levas
8.	Maneta de la puerta
9.	Vidrio exterior de la puerta abrible
10.	Maneta de la puerta de mando (únicamente por versiones laterales)
11.	Panel de mando y control
