PREFACE

Enjoy Your (Bean Go) Time

Drinking a cup of good coffee needs no reasons, it just as natural as we breath air and bath in warm sunshine. A cup of good coffee is based on perfect espresso, even the subtlest factors make difference. JETINNO coffee machines emphasize a commitment to freshness and make bean-to-cup coffee in a quick and convenient way.

Joris Hendriks (Netherlands)

Jetinno chief expert counselor
Founder of Hendriks Coffee
High-end coffee machine designer
7 years in Spengler as product manager and corporate partner
15 years in Maas International as product designer and R&D manager

CERTIFICATES AND HONOUR

ISO Certificates

- ISO9001:2015 Environmental Management System Certification
- ISO14001:2015 Environmental Management System Certification
- ISO45001 Occupational Health and Safety Management Systems

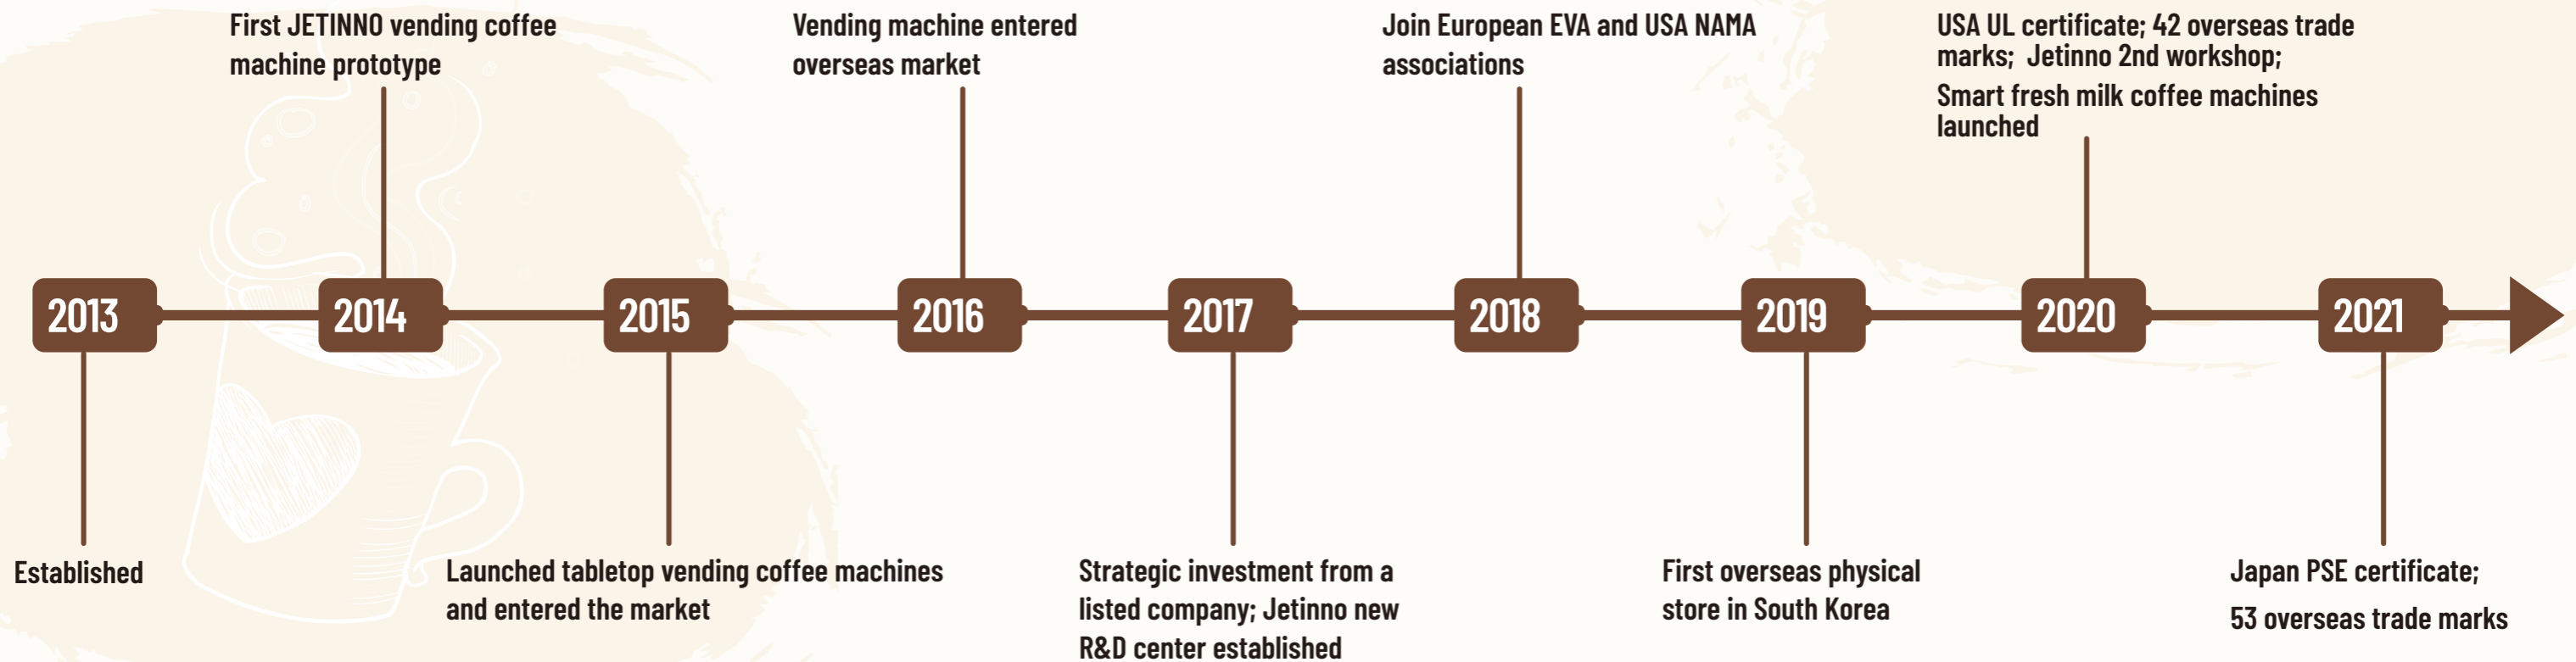

International Association

- European Vending & Coffee Service Association(EVA)
- USA National Automatic Merchandising Association(NAMA)
- Asia Pacific Vending Industry Association (APVA)

COMPANY MILESTONE

Dream bigger aim higher

LEADING THE FUTURE

Our Vision
Become a world-class coffee equipment manufacturer.

Our Mission
Make high quality coffee equipment & inspire people's life.

Corporate Value
Be creative & self-motivation, Innovate to pursue a better life.

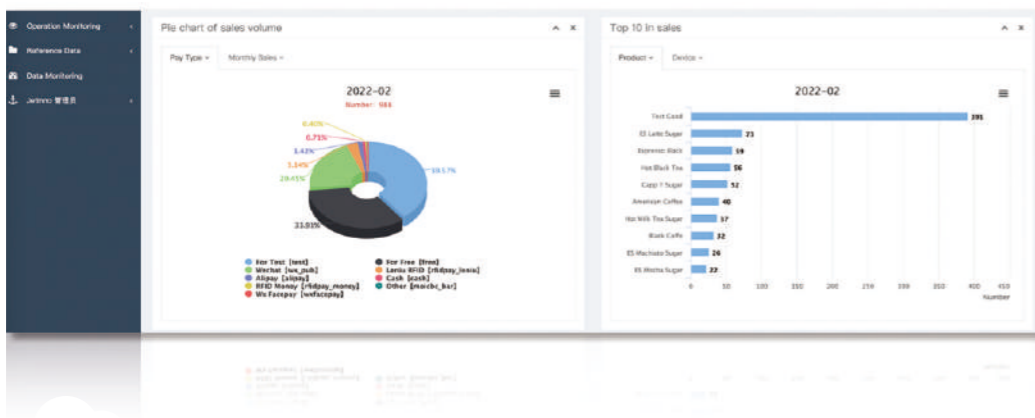

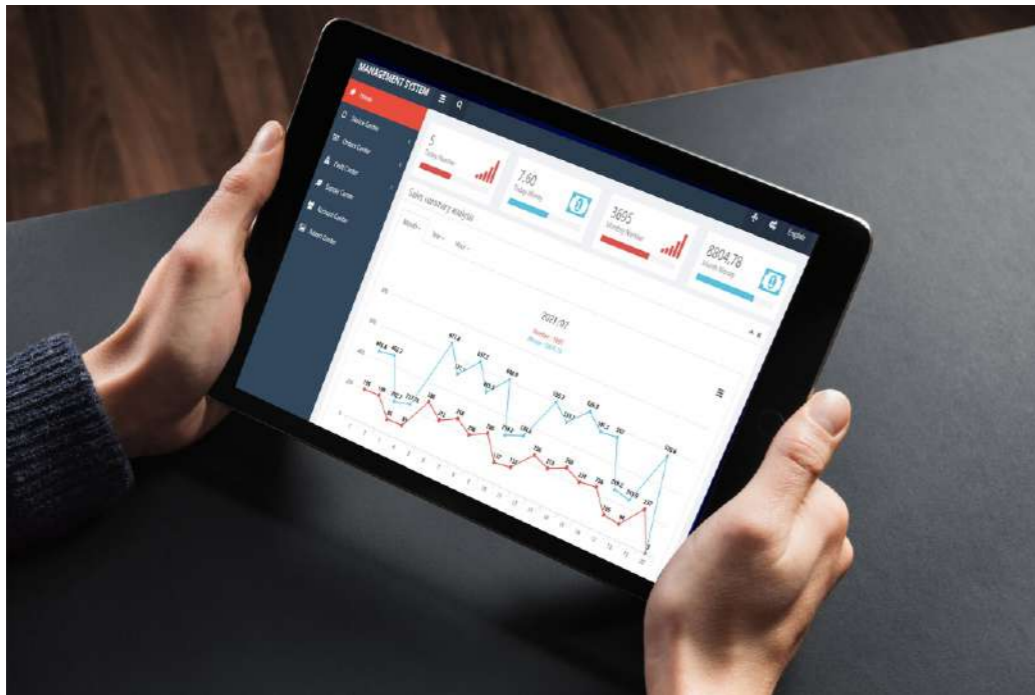

Corporate Creed
Pragmatic & hard-working, Cooperation with full initiative.

CONSOLE SYSTEM

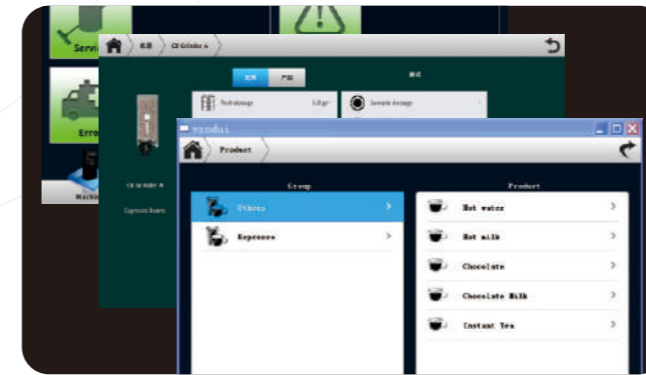

Console Platform Helps You

We have developed the 「I-Jetinho」 console platform that brings you more convenience in machine management and empowers you better to explore the fullest potential of our coffee machines.

Jetinho Console Platform Website Page

3 Advantages 「i-jetinho」 Provides

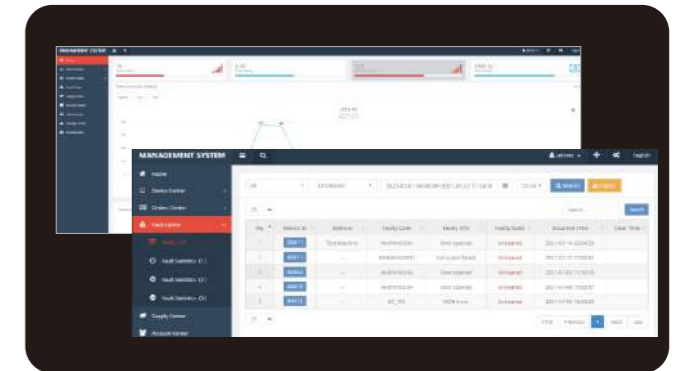

Console management system

- Beverage recipes setting
- Beverage sales setting and management
- Machine configuration setting
- Screen (UI) display setting

Machine operation system

- Machine status info
- Sales data for download
- Malfunction alert

The vending system

- Support dual systems (Android/Linux)
- User friendly interface
- Adjustable flavors via touch screen
- Picture & video ads function

CORE TECH & INNOVATIONS

Technology is what essentially turns coffee into the warm, comforting beverage that we love. Over the years, Jetinno has achieved giant leap in injecting our coffee machines with innovative technologies.

Swiss ditting grinder

- 64mm flat burr grinder (steel)
- Lifetime: 125,000 times

Patented grinder

- Jetinno patent
- 64mm flat burr grinder
- Lifetime: 62,500 times

ES Brewer

- Jetinno patent
- 6-14g / 8-20g
- Pre-infusion
- Lifetime: 125,000 times

Water cooler

- Compression refrigeration
- Continuous cool water output
- Cool water temp: 0~6.5°C
- R134a/R600a coolant

Fresh milk/milk foam unit

- Italy Fluid-o-tech milk pump
- Hot & cold milk and milk foam
- Intelligent milk detection
- Auto milk system cleaning

Venturi milk/milk foam unit

- Hot milk and milk foam
- Detachable design, easy cleaning

Patented mixer

- Jetinno patent
- High speed 20,000rpm
- Adjustable mixing speed
- Detachable design, ease of cleaning

Patented filter brewer

- Jetinno patent
- 6~11g coffee & tea powder
- Pre-infusion
- Ease of cleaning

Instant canister

- Jetinno patent
- Precise powder control
- Food grade plastic material
- Easy to cleaning

Milk cooler

- Compression refrigeration
- Full uniform cooling
- Compact size, large capacity

Syrup module

- 6 bottles
- For drink flavoring
- Easy installation

Ice maker

- Brazil compressor, Japan evaporator
- 1.5kg storage capacity(Max), 72kg daily ice cube output
- Intelligent water & ice cube detection

ODM SERVICE

We offer our customers thoughtful ODM services

To Brand

OEM or customized development for coffee operators and brands.

To Factory

Sale/authorization of core components with independent IPR to well-known manufacturers.

ODM products are not listed in this brochure, please contact us for product customization cooperation.

AFTER SALES SERVICE

Questions response in 3 minutes

24h online service

3 years key components warranty

1 year machine warranty

More services we offer

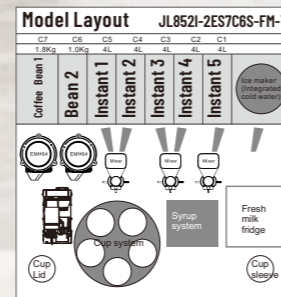

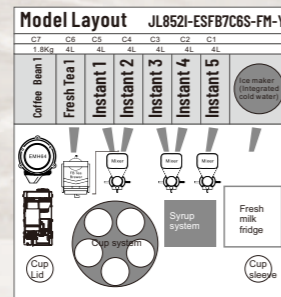

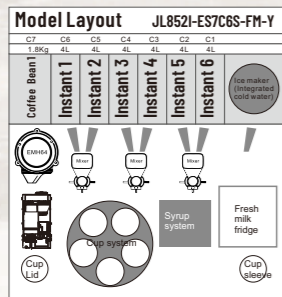

- Online training and on-site training. (including machine installation, setting up, use, troubleshooting and preventive maintenance)
- Online and on-site technical support
- Spare parts. (Machine spare parts replacement, including modules and other components)
- Client survey. (machine use condition survey and client problems feedback)

A Sip Of Freshness Refreshes You

Fresh Milk Bean To Cup Coffee Vending Machine

JETINNO JL852 Series

● Powder types in the canisters are only for reference

● Black ○ Customizable

FEATURES:

- Beverage output**
 - Make 40+ beverages
 - 250 cups per day
- Brewing system**
 - ES brewer: 14g/20g
 - Filter brewer: 14g
- Syrup module**
 - 6 bottles(max)
- Fresh milk system**
 - Hot & cold milk / Milk foam
 - Milk system auto cleaning
 - 60L milk cooler
- Ice maker & water cooler**
 - Real time ice making
 - Real-time ice detection
 - 0-7°C cooling water
- Auto cup lid capping system**
 - Precise capping
 - Missing cup lid alert

Beverages specification

Beverages: Make over 40 hot & ice beverages; (Espresso, Café Crème, Americano, Cappuccino, Latte, Mocha, Chocolate, Milk, Fruit juice, etc.)
 Daily output: 250 cups
 Cup Size: D90mm, 12/16 Oz

Machine parameters

Interface: 32 " touch screen
 Rated voltage/frequency: 220~240V 50/60Hz
 Rated power: 3500W (230V)
 Machine dimension: 1000(W)*1900(H)*1000(D)mm
 Net weight: 450Kg
 OS: Android/Linux
 Network: WiFi/4G
 Payment System: MDB protocol (Cash: Bill, Coin; Cashless: Nayax, Payter, Gantner), QR Code
 Water supply: Direct drinking water/Barrelled water
 Maintenance frequency: 1 day

Component configurations

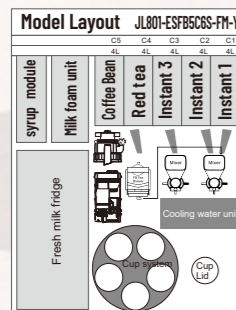

Bean hopper: 1×1.8kg or 1×1.8kg + 1×1.0kg
 Instant canister: 6×4.0L or 5×4.0L
 Grinder: 1×Ditting EMH64 / 1×Jetinno grinder(optional)
 ES brewer: 1×14g/20g
 Filter brewer: 1×14g (tea, optional)
 Mixer: 3 or 4
 Fresh milk system: milk foam (hot & cold)
 Ice maker: capacity 72kg/day
 Syrup module: 6 bottles(Max)
 Cup dispenser: 150 pcs
 Waste bucket: 1×125 cakes
 Waste water bucket: 1×20L

Bean To Cup Coffee Machine With Fresh Milk

JETINNO JL15-ES1C-FV

● Powder types in the canisters are only for reference

● Black ○ Customizable

FEATURES:

Beverage output

- Make 5 beverages
- 30 cups daily output

Milk System

- Venturi milk system
- Make hot milk foam

Brewing system

- ES brewer
- 20g brewing chamber

Machine intelligence

- 7 inch touch display
- Auto self cleaning
- Smart console system

Grinding system

- Jetinno patent
- 62,500 times lifetime

Spout height

- 80-160mm

COC CE CB

Beverages specification

Beverages: Make over 5 beverages; (Espresso, Americano, Cappuccino, Latte, Fresh Milk, Hot water)

Daily output: 30 cups

Machine parameters

Interface: 7" touch display

Rated voltage/frequency: 220~240V 50/60Hz

Rated power: 1550W (230V)

Machine dimension: 300(W)*430(H)*490(D)mm

Net weight: 14Kg

OS: Android

Network: WiFi(default) / 4G(optional)

Payment System: MDB protocol (Cash: Bill, Coin;

Cashless: Nayax, Payter, Gantner), QR Code

Maintenance frequency: 1 day

Component configurations

Bean hopper: 1×500g

Grinder: 1×Jetinno Grinder

ES brewer: 1×14g/20g

Milk/Milk Foam: Venturi Milk System(hot)

Drip tray: 1×1.2L

Waste bucket: 1×20 cakes

Water Supply: Inner water tank 2L (8L optional)

Option: Direct drinking water or tap water with filter
